

Welcome to MyCommute.org

If you're a student attending EWU at Cheney, we have a program that is uniquely yours. Help us "start something big" on your campus!

As conscientious members of our community, students at Cheney, and in the surrounding Spokane area alike are making an effort to preserve our environment. It's easy to help by simply rethinking your daily commute at EWU.

By clicking back to the MyCommute.org homepage, you can sign up and begin logging how you get to campus each day. Choosing to carpool, bike, skate, walk, or bus to campus allows you to become eligible for incentives. We're interested in how you move around Cheney.

When you begin, you'll be prompted to use a pass code:

Eastern Washington University @ Cheney: EWUS

A four question survey will follow. Your "miles to work" will be the number of miles between your residence and campus.

Save money.

Improve your health.

Help sustain our environment by improving air quality.

Create your commute calendar and make a difference.

This program implements the Growth and Transportation Efficiency Center (GTEC) Program created by the Washington State Legislature in 2006. It is administered by the Spokane County Commute Trip Reduction Office. For more information, please contact Ashley Ruderman, Outreach Coordinator for Student Commute Options. She runs a Twitter and Facebook account for SpokaneUCommute, a commute alternatives program for students at the Riverpoint Campus.

You can get in touch with her that way, or you could also call (509) 625-6982, or email at aruderman@spokanecity.org.

You may also contact Ron Kusler at the Spokane County Commute Trip Reduction Office at (509) 477-7688 or

rkusler@spokanecounty.org.
