

Idling Reduction

Tips for reducing vehicle idling in the workplace

The Spokane Regional Clean Air Agency is implementing a statewide “No-Idle Zone” program at area schools this year. One component of the program is signage. The “No-Idle Zone” signs are also available for businesses in Spokane County.

As a participating worksite in the Commute Trip Reduction Program, businesses throughout the state are helping keep Washington’s air clean by “making it their business” to be idle free. Your business may be interested in adopting a “no idle” policy at your workplace. The policy could include best practices for delivery trucks at your loading docks as well as your fleet vehicles. The first 20 businesses to sign up for the program will receive a free sign. Then signs are available at a bulk order rate of \$25 per sign.

Benefits of idling reduction:

- Overall fuel savings
- Longer engine life
- Longer time between oil and filter changes
- Improved air quality
- Less Noise
- Reduced emissions and healthier work environment (loading docks, etc.)

Post “No-Idle Zone” signs in prominent idling locations:

- Fleet yards
- Loading docks
- Ferry docks
- Drive thru’s

Street-grade sign 18”w X 24”h

The first 20 businesses to sign up to participate in the No Idle program will receive a free “No-Idle Zone” sign for the business. Additional signs are available for \$25 per sign. Simply complete and return the order form below. Within 30 days of receipt of the sign(s), participating businesses are required to send Spokane Clean Air a picture of posted sign(s).
