

Ride the Bus

Leave the driving to someone else and arrive at work relaxed for a change. Timely, comfortable, and affordable, riding the bus is a great way to commute.

It allows you to catch up on the important aspects of your life that you just can't do when you drive alone like reading a book, making a grocery list, listening to tunes, stay connected with your mobile device or just catching a few zzzz's.

Spokane Transit makes it easy to leave your car at home!

Spokane Transit has over 40 bus routes serving the communities of Spokane, Spokane Valley, Liberty Lake, Millwood, Medical Lake, Cheney and Airway Heights. In addition, two shuttle routes serve the downtown core and the hospital facilities. Adult monthly bus passes can be purchased for \$40.00* at the STA Plaza downtown or the Bus Shop on 1229 W. Boone. Bus Pass Vending Machines are also available at the Spokane Valley Transit Center, 5-Mile Park and Ride and the STA Plaza. Please check with your Employee Transportation Coordinator at your worksite to see if your employer offers bus subsidies or if bus passes are offered at your worksite. For information on bus schedules and current rates go to www.spokanetransit.com.

* Rates are subject to change.

Trip Planning made easy!

STA's Trip Planner can also help you plan trips to work, meetings, the grocery store or any other special trip. It's easy and convenient!

Park & Ride!

Thirteen area Park and Ride lots also make it handy to leave your car behind and let Spokane Transit do the driving. All of Spokane Transit's park and ride lots are well lit and secure. Just park your car, get on the bus, and go. You can save money on parking downtown, and sometimes your insurance premium goes down if you don't drive your car to work. Be sure to check with your insurance carrier.

Bikes on Buses!

If you've thought about riding your bike to work but don't want to go the whole distance, you can utilize the Bikes on Buses program. STA provides bike racks

on all their buses with the exception of the Plaza/Arena Shuttle.

Whether you are going to work, school or play, you and your bike can ride the bus. Give transit a try! It's easy, relaxing, and you'll save money!
