

Thank You Note

Use this note to personally thank your employees for their participation in the Wheel Options campaign. The end of the campaign is a great time to encourage their continued use of commute alternatives, and to let them know their actions make a difference.

Don't forget to personally sign them.

Thank You!

Thank you for choosing an alternative to driving alone during **Wheel Options!** We wheeled our way to cleaner air for everyone!

I hope you will continue to explore your options and remember you **CAN** make a difference by not driving alone everyday!

Please call me if you have any questions regarding your commute, and remember there are many benefits for those who choose not to drive alone—I would be more than happy to help!
